Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative asked the examiner for suggestions on how the claims could be amended to overcome the previously cited references. The examiner suggested amending Claims 14 and 21 to incorporate the limitation in Claim 5, such that Claims 14 and 21 recite that data is reordered using a draw operation or a multi-textured draw operation. The examiner agreed that this would overcome the previously cited references. Applicant's representative agreed to make amendments along these lines in a RCE, and upon receipt of the RCE, the examiner will give the claims further consideration and perform an updated search.
